Janet Brooks (Photographed by Dan Raustadt)

Arizona Foothills Magazine and Desert Star Construction are proud to announce that ten of the [interior design](#) firms from across the Valley area come together to participate in a Dream Competition to enhance the Rescue Project of the Phoenix Dream Center. Each designer will design a room that will serve as a safe haven for those who have been rescued from a life of sexually based exploitation through human trafficking. These Designers are transforming rooms to transform lives. Each donates time, energy and money to an incredible cause.

When the rooms are finished, Arizona Foothills Magazine and Desert Star Construction invite everyone to follow the evolution with us! Before and after photos will be taken of the newly furnished rooms and votes will be cast for your favorite in these categories:

Grand Prize Winner: Best Overall

Best One Person Room

Best Two Person Room

Best Three Person Room

Best Living Area

Best Closet

Best Furniture

Best Home-like/ Comfortable Design

Going Above and Beyond Interior Design

All the designers and their sponsors will be acknowledged in Arizona Foothills Magazine's September Issue. The designer who wins the Grand Prize Category will be featured in an additional two-page spread in the September Issue.
