Johnjay is the New Face of Foothills!

Johnjay Van Es attended the Best of Our Valley Party March 28 representing 'Best Morning Show' for the third straight year in a row. Everyone knows Johnjay and Rich, of the KISS FM morning radio show, are number one across the country. He reminded us he emceed the annual Face of Foothills contest this past fall when Caitlin Wilenchik won the Face of Foothills.

He also told us he originally did enter the contest, and we found the photo. Unfortunately, our intern thought because he was hosting the event, he was not serious about being part of the contest. Well, looking into this more, we did find his photo, posted below.

He was never entered in the contest because the intern made a mistake. With that said, since he was never entered into the contest and did apply, he automatically wins and becomes the Face of Foothills for the 2012 year.

Arizona Foothills Magazine would like to extend a huge apology to Caitlin Wilenchik as well as the other contestants for the confusion. With that said, Johnjay Van Es is the Face of Foothills 2012 winner. He sounds good on the radio but being the Face of Foothills shows the multitasking abilities he has.
