Sure, Why Not?

I love nothing more than frivolous, luxurious alternatives to disposable, everyday household items. (Want examples? Check out the [sterling silver Jack Spade chapstick top](#) and the [Hermes Apple Holder](#).)

The latest in the string of fun, flighty items is this [Rika Croc-Effect Leather Coffee Cup Sleeve by Jimmy Choo](#). You got that right, it's a python sleeve to protect your entitled, overindulged palms from the heat of your extra-hot, no foam, nonfat, half-caf soy latte.
