

Lip Glo\$\$: Fresh's Sugar Lip Treatment in Coral

Written by Claire Perkins

Lip Glo\$\$

Nothing is as fun for a girl, I don't think, than blowing upwards of \$20 on lip gloss.

Fresh's Sugar Lip Treatment in Coral goes on supersmooth and smells like lemony, sugarey dessert. And the juicy, coral color is a great way to add a pop to your face without making you look like a clown. Plus: SPF 15.

[Sephora](#), \$22.
