

Flushed: NARS Joie De Vivre Palette

Flushed

If you see this palette, snatch it!

The all-blush/bronzer Joie De Vivre palette by NARS sold out by 10 a.m. in Nordstrom's Web system. The palette is a reprise of another version that quickly sold out at Sephora last Christmas. Top-selling shades include: Laguna Bronzer, Orgasm Blush, Luster Blush, Angelika Blush, Gaiety Blush and Albatross Highlighting Blush.

I wrote about it last Christmas, all my friends bought it and I wasn't able to grab one before they were gone. So bitter. I saw it was making a return, went to Nordstrom first thing and missed it again! Flushed is one word for it.

Nordstrom, \$65.
