These Arizona spray tan services offer a fast, safe way to get your golden goddess on this summer without braving the harsh Arizona sun.

The Organic Glow

With the recent craze of all-natural products, The Organic Glow promises a perfect, natural spray tan, adding a touch of green to your summer gold. With an organic, streak-free formula—free of fragrance, alcohol or formaldehyde—the Organic Glow will leave skin soft and smooth thanks to all it's natural ingredients. This eco-friendly formula includes green tea, aloe vera and numerous oils and lasts for up to two weeks.

Radiance Custom Tanning

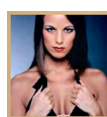

Life in the Valley of the Sun is hectic and, despite what the rest of the country thinks, we may not always have the perfect tan going for us 24-7. Radiance Custom Tanning brings golden perfection to your doorstep, workplace, or anywhere else you have some spare time. This discreet, mobile service brings bronzed perfection to you at your convenience. Radiance Custom Tanning refuses to let Arizonans lose their golden reputation.

Skin Care by Klara

When looking for a good spray tan, it's important to get a customized color that's right for your skin tone. Skin Care by Klara offers a professional airbrush tan with custom blend color solutions that help find the perfect tan color for your skin type. They also have a special airbrushing solution which is Ph-balanced for optimum skin absorption, allowing for a naturally fading tan. If you're going to be good to your skin by opting for a spray tan this summer, avoid the dreaded orange tan by getting your tan done by a team of professionals.

Tangible Tanning

If you're craving that golden glow but would rather not bare all to a professional spray tanner, you're in luck. Tangible Tanning offers the Mystic Tan 3000, one of newest spray tan booths available. The Mystic Tan 3000 typically only takes 60 seconds to give you a healthy, even glow that lasts about a week. The booth is regularly sanitized, safe to use, and gives you a private tan that you can watch darken in just minutes.

Energy Tanning

Energy Tanning offers the newly developed VeraSpa, an innovative tanning booth that combines spray tanning with moisturizing and smoothing benefits for your skin. VeraSpa has an open interior design allowing for a pleasurable tanning experience. It also has newly designed features for you to choose from including a pre-sunless hydration spray, anti-aging moisturizer and a UV skin-defining moisturizer. VeraSpa combines safe tanning with new technology to increase comfort and tanning results.
