Next week is the in-game telethon with the Arizona Coyotes: Monday, April 26th.

Tune-in to Bally Sports Arizona Plus on April 26th at 7:30 pm for our Arizona Coyotes Telethon benefiting the Phoenix Children's Hospital.

Funds raised will go to the PCH Hope Fund. Many Phoenix Children's donors make targeted contributions that benefit specific programs. While these donations are essential to their mission, new and pressing needs arise throughout the year-for equipment, technology and more, often when time is of the essence. The Hope Fund allows Phoenix Children's to respond to these needs immediately.

Resources from the Hope Fund help Phoenix Children's respond to advances in technology, clinical trials and medical breakthroughs that directly impact a patient's recovery.

No parent is prepared when their child is seriously injured, spends years in chemotherapy or is born with half a heart. The fear and uncertainty of the journey is great. Your gift to the Hope Fund ensures Phoenix Children's is there for every child who needs them, in every way that matters.
