Would you do you nails like this for the Holidays? Christmas Eve is tomorrow!

Decorate your nails for the occasion:

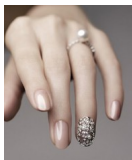

Santa and his reindeer can be with you everywhere you go this season.

Who doesn't like candy canes? Paint your nails like a peppermint.

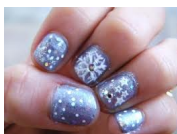

You can always paint your nails dark but give it a little spice.

These nails are classy but the sparkles gives it an extra kick of sass.

You can paint your nails the traditional bright red but make it different by adding a few gold stripes.

Since we don't get snow in Arizona, paint your nails to remind you of the chilly weather.
