Spruce up any table setting this holiday season by putting velvet pumpkins on display along the table.

DIY Vases

Use gold spray paint to make DIY wine bottle vases for the holiday season. The gold vase really pops against pink and white flowers, the perfect addition to a holiday table display.

Low Centerpieces

Allow guests to see and talk to each other from across the table by adding low-standing flower arrangement centerpieces. It provides a sophisticated look while allowing guests to comfortably speak to everyone at the table. Add candles to make things sparkle, and dress up any table by laying down a linen sequin tablecloth.

Wood Tables & Lace Table Runners

Make any dinner party instantly romantic! Simply set up a wooden table outdoors lined with a burlap table runner and candles. Use succulents instead of flowers for a unique tablescape.
