EXTRA EXTRA!

[Rancho Solano Private Schools](#) (RSPS), the preeminent private school system in Phoenix and a member of the [Meritas Family of Schools](#), has selected the site for its new state-of-the-art middle/high school campus in Scottsdale, which will be located at 9180 E Via De Ventura Blvd.

The new RSPS campus, Rancho Solano Ventura, will house grades 6-12 and offer the highest quality education available to Arizona students. To build out the new facility, RSPS partnered with [Ayers\Saint\Gross](#), a nationally recognized architectural firm that specializes in campus and institutional projects. We are excited to see the finished product!

"Rancho Solano has been an academic powerhouse in the Valley since its founding in 1954. My vision, and that of Meritas, was to provide our faculty and students with the advanced resources and tools necessary to compete on the world stage," stated RSPS President James Carruthers.
