That's My Jam

[Hard Rock Hotel Los Cabos](#)

Opened in early 2019 on the shining shores of Cabo San Lucas, Hard Rock Hotel Los Cabos is within the Diamante Cabo San Lucas complex. The sumptuous all-inclusive hot spot has made its mark on the area thanks to its luxury amenities and Hard Rock's too-cool music theme that infiltrates its properties. The 639-room hotel offers guests eight dining outlets, three sleek lounges, six pools, the Rock Spa with 36 treatment rooms, the Body Rock fitness center and access to the Cabo San Lucas Country Golf Course (which is home to one of the longest holes in Mexico at 610 yards). The posh paradise excels at providing a dream vacation for guests of all ages, as there are designated family and adult-only areas. On the top of every kiddo's list are the bowling alley and the Hard Rock Roxity Kids Club, while the deluxe family suite is a popular option for travelers needing ample space. But for a true star-power staying experience, it doesn't get cooler than the Rock Star Suite, a two- or three-bedroom option that is complete with VIP check-in, a spa tub, a complimentary 25-minute massage at Rock Spa, a private balcony and, to really live like music's finest, a Rock Royalty Personal Assistant.

Heart and Solaz

[Solaz, a Luxury Collection Resort, Los Cabos](#)

At Solaz, a Luxury Collection Resort, Los Cabos, guests enjoy the best of both worlds: thrilling and tranquil. The resort, which opened in late 2018, is perched between the bustling and buzzy city of Cabo San Lucas and quiet and quaint historic town of San José del Cabo. The 128-room property overlooks the Sea of Cortez in the heart of Baja California Sur and many aspects of the resort pay homage to the area, featuring the works of many local talents—like chefs and artists—to ensure that each guest's experience at Solaz is authentic. The overall design is contemporary with a seamless blend of the indoors and out and eye-catching original works of art throughout (stars of the indigenous gallery include a 43-ft.-long whale skeleton and a historical map collection). Guests can indulge at Solaz's five unique restaurants and lounges, take a dip in five pools, soak up the sun on more than 4,000 square feet of white sand beaches and savor some “me” time in the Ojo de Liebre Spa. At the heart of the Solaz experience is giving guests the chance to grow closer to the soul of Baja. In order to do that, the resort team offers once-in-a-lifetime adventures and educational opportunities for vacationers: swimming with whale sharks and a private helicopter trip to take in rare cave paintings, for instance.

A Warm Welcome: Four Fresh Los Cabos Resorts

Chic Boutique

[Mar del Cabo](#)

Mar del Cabo made its welcomed debut on Baja Peninsula after a \$4 million renovation late last year (the property was formerly Marbella Suites). A classic, beachy boutique hotel, Mar del Cabo offers comfort and minimalism, as it was created as a white canvas with chic design touches and colorful accents (including the deep blue of the Sea of Cortez and the beautiful gold of the beaches that surround). Outside of its good looks, the refreshed property dazzles guests with its high-end service, top-notch culinary delights, a serene spa and an ocean-front pool for cooling down. An intimate property, Mar del Cabo has 46 one- and two-bedroom suites and two super-swanky penthouses. Each spacious unit features a kitchenette, a terrace with sitting area, a separate living area with sofa and a bathroom with step-in rain shower so lazing the day away is definitely on the to-do list at Mar del Cabo.

Big-Name Getaway

[Nobu Hotel Los Cabos](#)

The name of Nobu has long been associated with luxury and excellence, and the brand just unveiled its first property in Mexico: Nobu Hotel Los Cabos. The new hotel marries contemporary Japanese minimalism and Cabo's laidback style effortlessly, offering travelers a casual elegance and plenty of playfulness on the glistening shores of the Pacific Ocean. There are 200 guest rooms and suites to call home during a stay; accommodations include a bath/soaking tub, a walk-in shower, a private balcony, Italian stone finishes, a traditional Japanese tea set (and Nespresso machine), local artwork, VIP check-in, butlers in select suites and much more. The waterfront wonderland is home to a variety of feasting spots, namely an outpost of the iconic Nobu Restaurant, as well as a whopping seven bars. Guests also have access to a state-of-the-art fitness facility, retail shopping, a kid's club, an on-property running trail, two golf courses and a spacious spa. Even a day at the pool is an elevated experience at Nobu Hotel. First of all, there are four pools to choose from with swim-up cabanas and private beach cabanas. For a total luxury outfit, there are four super cabanas with a full bathroom, a day bed, a living area and a TV.
